PIONEER CELESTIAL DIES AT GLOBE, ARIZ.

Globe, Ariz., March 22.—Sam Kee, the pioneer Chinese merchant of Globe, passed away after a brief illness. Sam Kee came to Globe in 1880 and resided here continuously for 30 years. When he first came here, he was employed as a cook by T. A. Pascoe, but soon afterward he embarked in business. The deceased leaves two sons, Wong Ho, of Globe, and Wong Sung, who lives in Hong Kong, China. The funeral was held at 2 o'clock

Tuesday afternoon and services were conducted at the cemetery by the local Chinese colony. No interment was made as the remains were brought back to the city and prepared for shipment to Hong Kong.

DEL RIO MERCHANTS ARE ORGANIZING

Third Mallet Locomotive Arrives There on Way to El Paso.

Del Rio, Tex., March 22.—Not to be outdone by the other progressive cities of the southwest, Del Rio's retail merchants have done the preliminary work towards the organization of a Retail Merchants' association. About 40 members have signed up and the details of the association are now being worked out by a special committee.

A credit bureau, established along the lines of those operated in many Texas towns, will be the principal feature of the association and the benefits of this bureau are thoroughly appreciated by the local merchants, especially in view of the many new people who are locating here since the Orient railroad's extension has become a certainty. Affiliation with the other associations in the state and nation will be effected.

Other features will be instituted for the benefit of the membership. The commercial club has been quietly working on the organization of such an association for some weeks and the effort has culminated most successfully. The third big Mallet locomotive of the G. H. & S. A. road has arrived in Del Rio and is being somewhat overhauled preparatory to its journey to El Paso, where it will be used on that division. Many sightseers are flocking to the yards to view this engine and the interest manifested by the people is akin to that aroused by the coming of a circus.

ORIENT GRADING NEAR SAN ANGELO

Del Rio Committee in El Paso to Confer With President Stilwell.

Del Rio, Tex., March 22.—Blue prints showing in detail the right-of-way of the Kansas City, Mexico and Orient railroad covering 30 miles of the route north of Del Rio, have been received by the commercial club. A force is now at work on the county records listing the ownership of the lands involved and deeds will be made out and the work of providing the right-of-way will be rushed to an early completion.

The fact that the railroad company is asking for quick action on this right-of-way matter is very gratifying to the citizens for immediately upon the transfer of right-of-way to the company arrangements will be made to put the grading outfits to work. The company is anxious to start construction and the line will undoubtedly be built and in operation from San Angelo to Del Rio long before at first expected. The first 50 miles of grading south from San Angelo is now in the hands of the contractors and will be finished within 60 or 90 days. The work at this end will be pushed with all energy and dispatch.

A committee, consisting of W. F. Boggs and James McLymont, from the commercial club, accompanied by A. M. Denny, an Orient official, has been sent to El Paso to confer, by appointment, with president Stilwell, of the Orient road, who is to be in the Paso City, on a special train, en route to Mexico. This committee is prepared to close the details of the contract which covers the extension of the line from San Angelo here.

Globe Man Sends Money to Wife to Join Him, But Is Now Missing.

Globe, Ariz., March 22.—After sending money for his family to join him here, Pete Esherwood, until 10 days ago employed as a molder at the Old Dominion machine shop, was not here to meet his family and his wife and children are in Globe with no means of support.

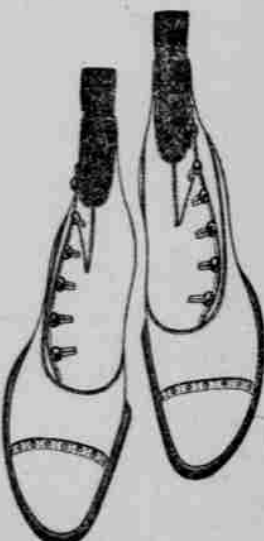

Mrs. Esherwood, her two-year-old baby and her stepdaughter, Ethel Taylor, arrived here from Michigan. Mrs. Esherwood had written to her husband

STOCK REDUCING SALE

We regret very much to have to put on a cut price sale at this time—the very best season of the year—but we bought heavy for spring trade and now in the next few days work will start on the new Bank building next door and our store will be blocked in for the next six months while they are building, so we will cut the price and reduce our stock as fast as possible for 10 days. Our loss will be your gain. Buy your year's supply now.
